Work Experience Year 10 Work Experience Week 18–22 May 2026

Well done to students who have secured their placements

Year 10 students are required to take part in work experience at a workplace or online. To represent the Academy in a working environment is a privilege and one that our students are always proud of and enjoy tremendously. Students are encouraged to find their own placements by thinking about occupations and areas of industry that they are interested in and by contacting relevant companies. Students need to do this as soon as possible to secure their place.

Please contact careers@harris.covmat.org if you have any questions.
